# HOW ALERTS CAN HELP YOU

They can inform you about

- Data changes
- Events near/past due

They can notify

- You
- Your colleagues
- External partners
- Other applications

## D365FO ALERTS

### Standard

- Change based alerts
- Due date alerts
- Works on form main data source
- Subgrids (lines) are not supported (except with the SysTableBrowser trick)
- Applies the form's filter query
- Basic email notifications
- Business events
- High volume notification rules

### Custom

- Simpler alerts for a specific field
- Show/edit query and other alert rule fields
- Subgrids (lines) supported
- View in grid
- Copy alert rules
- Rich dynamic email templates
- Placeholders for dynamic content
- Notify additional users
- Alerts summary email
